

Rehab Services, such as Physical Therapy, are NOT covered by Medicare and most other plans if you are currently receiving Home Health services.

It is your responsibility to inform our staff if you are in a Home Health Episode or if you begin to receive Home Health services while you are being treated in our facility. You must notify our staff immediately if you begin to receive Home Health to avoid incurring services that will not be paid by Medicare.

I understand and agree to this policy and will notify Trinity Physical Therapy immediately of any Home Health Episodes that have been received in the last month and any times thereafter.
